

Dear students, dear parents,

In the context of the European Erasmus+ engagement, our school's MEGA-Club is organising **the international conference MEGAMUN 2026** from the 29th to 31st of January 2026, to which students and teachers from our partner schools in Luxembourg, Poland, Slovakia, Spain, Belgium, Germany, Finland, Ireland and France will travel. For this purpose, we are looking for **host families for the foreign students who will host our guests for four nights (28 January to 1 February).**

The travelling boys and girls are between 15 and 18 years old and speak English as well as their national language.

The host family's commitment includes

- providing a place to sleep (it is not essential for the guest to have their own room, nor a separate bathroom)
- providing breakfast and dinner
- providing transport on the day of arrival and departure (picking them up personally) as well as the journey to school (e.g. schoolbus/ with the host student) or in the afternoon or evening (e.g. public transport or car)

In our experience, these encounters often result in extremely positive moments that transcend cultural boundaries and are enriching for both sides. We would be glad if our LMRL school community would reciprocate the hospitality that our students have enjoyed for many years in the host families of our partner schools abroad and if we could find a sufficient number of host families for the upcoming conference. If you have any further questions, please do not hesitate to contact our teachers.

A big thank you in advance,

The MEGAMUN Team

Patrick Brucher (patrick.brucher@education.lu)

Sandra Droste (sandra.droste@education.lu)

Sandra Galli (sandra.galli@education.lu)

I, _____ (name of the signatory),

E-Mail adress _____,

Phone number _____,

mother/father of _____ (your child's name),

student of the class _____,

am ready to host a european student invited to the MEGAMUN conference of the **28 January until the 1st February 2026.**
